

### ABOUT ME

Having spent 10 years making jewelry, I gradually wanted to broaden my creative scope by adding a more conceptual dimension. Attracted to web development, I found an ideal balance in UX/UI, and four years of work-study in this field reinforced this idea. My career path now allows me to bring a structured yet original perspective to the design of digital experiences.

### HOBBIES

Reading  
Various arts (painting, drawing, sewing...)  
Nexus VI (YouTube),  
Role-playing games

### LONG STORY SHORT TOEIC SCORE 930

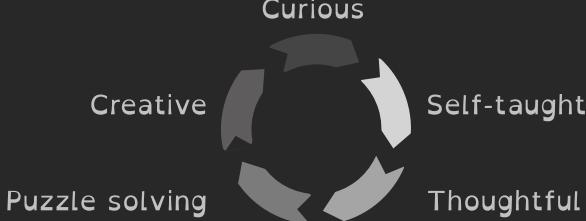

### HARD SKILLS

- Figma
- Photoshop
- HTML5 / (S)CSS3
- CMS (Webflow...)

### SOFT SKILLS
